2024–2025

Copenhagen Business School (CBS) is Denmark's largest educational and research institution within business administration and economics in a wide sense.

CBS has around 20,000 full-time and part-time business students. CBS holds the prestigious “triple-crown” accreditation: AACSB, EQUIS and AMBA. Furthermore, CBS is a member of the CEMS alliance and PIM network. The university is committed to providing business-related education programmes and continuing education for the public and, in particular, the private sector. Programmes are based on a strong and internationally renowned research base which CBS works consistently to strengthen. CBS has a Center of Excellence, funded by the Danish National Research Foundation, and has received five European Research Council Grants. CBS is committed to communicating knowledge and new ideas to tomorrow's business leaders and society in general. Its main contribution in this field is research and research-based education, and investment in research and high academic standards is therefore crucial to CBS' contribution to society.

Each year, approximately 1,200 exchange students from our partners around the world, as well as freemovers from non-partner universities, find their way to CBS. Exchange students can choose to attend either the autumn semester, the spring semester, or a full academic year.

Courses

All courses available for exchange students are part of the regular course offerings of the English CBS programmes. Swedish and Norwegian speaking students can take courses taught in Danish by special request.

The autumn semester courses are published in mid-March and the spring semester courses are published in mid-September.

> Graduate courses (Master level), including CEMS/ Double Degree: cbs.dk/grad

By Danish regulations, exchange students are required to take 30 ECTS credits. As most courses are 7.5 ECTS, a student will typically take 4 courses per semester. 30 ECTS credits correspond to 825 Student Work Hours.

Danish language courses

During the semester, a credit-bearing Danish language course is offered. Students can take the Danish course on top of their 30 ECTS or as part of the 30 ECTS.

A [Danish crash course](#) is offered the week prior to the Introduction Week.
